

Cegos e-Learning modules

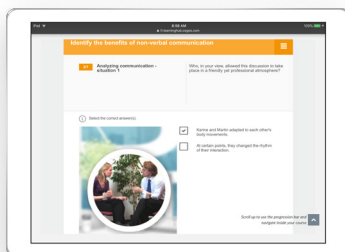

Cegos e-Learning modules include Classic, Focus, and Intensive formats. Each course includes core instruction to build skills and provide practice in a key soft skills subject area: Management & Leadership, Personal Development, Project Management, and Sales. Modules are developed in HTML5 to ensure mobile compatibility with tablets and smartphones. All modules feature a modern design and interactive elements to ensure that the learner is engaged with the learning experience, learns the new skill, and can practice the skill in real-life situations.

Classic Modules

Standard elearning module
15 to 20 minutes
average duration

Objective: to improve specific skills

Our classic courses are the basis of a solid elearning program. On their own, each course provides an engaging, interactive learning experience on a key business skill.

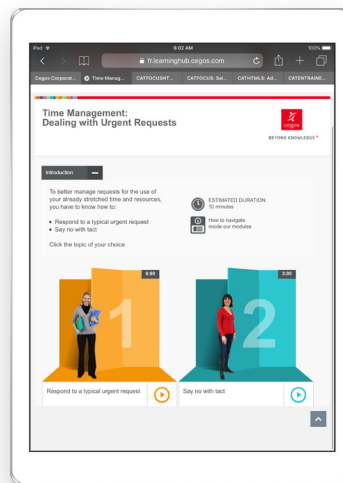

Focus Modules

Video-based simulation
10 to 12 minutes
average duration

Objective: to master a specific behavior

Real-life interactive scenarios of common situations learners are likely to encounter in the workplace. Focus Modules are designed to help make learning stick through practice.

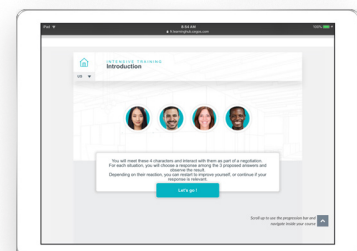

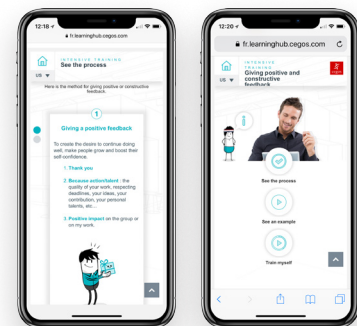

Intensive Modules

Mobile refresher
7 to 10 minutes
average duration

Objective: to refresh a previously-learned skill

Learners can practice new skills based on various situations with Intensive Modules. Short, mobile modules are an ideal way to provide reinforcement in the moment.

PMI certification: Cegos has been reviewed and approved as a provider of project management training by the Project Management Institute (PMI). Cegos has been approved by PMI to issue PDUs for certain courses.

The PMI Registered Education Provider logo is a registered mark of the Project Management Institute, Inc.
